SUMMARY

Motivated Computer Science undergraduate (B.Tech, 2023–2027) from Lakshmi Narain College of Technology, Bhopal. Proficient in Java, Spring Boot, REST APIs, MySQL, JPA/Hibernate, JavaScript, HTML, and CSS. Strong foundation in Data Structures, Algorithms, Object-Oriented Programming, and Backend Development. Eager to apply problem-solving skills, adaptability, and technical expertise in software development roles.

EDUCATION

Lakshmi Narain College of technology

B.Tech - Computer Science and Engineering - **CGPA – 8.10**

2023 – 2027

Bhopal, Madhya Pradesh

Dr. Radhakrishnan Memorial School

Higher Secondary – Science Stream (PCM) - **Percentage – 93.4**

2021 – 2022

Raisen, Madhya Pradesh

St. Francis Convent Hr. Sec. School

High School Certificate- **Percentage - 85**

2019 – 2020

Raisen, Madhya Pradesh

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript

Technologies/Frameworks: Spring Boot, Spring Security, Hibernate, JPA, REST APIs, HTML5, CSS3

Database Management: MySQL, MongoDB, SQL Query Optimization, ER Modeling

Developer Tools: VS Code, IntelliJ

Concepts: OOP, Data Structures & Algorithms, JWT Authentication, Dependency Injection

PROJECTS

SmartKheti – AI Crop Recommendation System

- Developed a web-based AI crop recommendation system that suggests optimal crops based on soil nutrients (NPK), temperature, humidity, and rainfall.
- Built an interactive frontend using **React**, **Vite** and **TypeScript** with a step-by-step user input interface.
- Integrated prediction logic to process user inputs and generate crop recommendations for improved agricultural decision-making.
- Designed a user-friendly UI to simplify complex agricultural data into actionable insights for farmers.

Student Management REST API | Spring Boot, MySQL, JPA, Hibernate

- Developed a RESTful Student Management API implementing CRUD operations.
- Designed layered architecture using Controller, Service, Repository, DTO, and Entity layers.
- Integrated MySQL database using Spring Data JPA and Hibernate ORM.
- Implemented input validation and global exception handling for robust API responses.
- Secured APIs using Spring Security with JWT-based Authentication and Authorization.
- Tested and documented endpoints using Postman.

CERTIFICATIONS / EXTRACURRICULAR

- Cisco Certification – Introduction to Internet of Things
- Infosys Certification – Introduction to Cloud Computing
- Solved 200+ coding problems on LeetCode, focusing on Java and Data Structures
- Led a college project team, overseeing planning, development, and delivery
- Built and deployed multiple Spring Boot REST APIs with MySQL integration and JWT Authentication.

SOFT SKILLS

- Strong adaptability and eagerness to learn new technologies, ensuring continuous growth aligned with organizational goals.
- Effective communication and teamwork skills, fostering smooth collaboration in cross-functional projects.
- Willingness to take ownership and contribute proactively to achieve organizational success.
